

## Do you have questions about Autosomal DNA?

**Denise Sproed**, a member of the Association of Professional Genealogists (not a member of the W.V.G.S.), is available to answer your questions about Autosomal DNA testing by appointment at the Genealogy Desk at Salem Public Library. Denise can be available Tuesday thru Friday in the evenings after 5 PM, and some Friday afternoons. Click on the "DNA Appointment Request Form", fill out the online form, and click "Submit" to send an appointment request to Denise. She will contact you at the email you provide to confirm your appointment, so be sure to include your correct email address in the form.

- Denise has an interest in Autosomal DNA and is willing to answer your questions. She is on the web:  
her web page - <http://freepages.genealogy.rootsweb.com/~sproed/>  
Facebook Page - <https://www.facebook.com/denisesproed?fref=ts>  
and Wikitree - <https://www.wikitree.com/treewidget/Sproed-1/5>
- Visit with Denise at the library. She will share tips on how to use Autosomal DNA for genealogy, demonstrate the research and reporting tools available on the Ancestry, Family Tree DNA, 23andMe, and Gedmatch websites, and help you with your DNA results.
- Denise has tips for maximizing DNA on our WVGS Member page.
- Denise can be contacted at [denisesproed@gmail.com](mailto:denisesproed@gmail.com)

Also, for anyone thinking of venturing into using Autosomal DNA testing as a tool in their genealogical research, a book has been authored by one of our Oregon Genealogists, Emily Aulicino, "Genetic Genealogy", available on Emily's blog page at: <http://genealem-geneticgenealogy.blogspot.com/>
